

# Rockeries

Alcove of arches with creepers  
removed which led from  
hand saw till broad plant-  
houses & rockeries substituted at each. Rep. 1857 p. 1.

Rockery made (seems to be, same as above) Rep 1809 p. 2.

The brick mounds were constructed for a  
rockery; but Riolo (see his first report)  
planted trees over them without rocks  
The cover was placed there in 1915-1916
